

SUBELO^{TO THE} NEXT LEVEL

LUCES | SONIDO | ANIMACION | DJ'S

EXTENDED LIBRARY

At Subelo to the Next Level we have an open format-library. Our library ranges from the **70's** all the way to your **radio top 40**. We hold over **25 different genres**. We have **clean version** for all obscene songs. We would be **shocked** if we don't have the largest or one of the largest libraries in SWFL.

WRITTEN CONTRACT

A written contract is a way to **protect your pockets** and our business. Our contract states the following: period of performance, scope of work, responsibilities, fees, and payments. Our business is as transparent as possible. **We are not the type of company that will call off at the last minute.** We give our clients a peace of mind.

MUSIC, LIGHTS, & MICROPHONES

One of our favorite questions: "How much more to add lights and microphones?" **Clients are delighted** when we tell them it's **included with our service**. We believe every party is composed of music, lights, microphones, and people. It won't be a party without those things, So keep your money, **we won't charge you extra for it.**

EMERGENCY

We hope a **life-threatening** event never happens during a celebration, but let's face it, it can happen. If an emergency arises such as: **obstruction of the airway** or **cardiac arrest**, our personal is **trained, licensed, and certified** to give **auxiliary aid** until EMS arrives to location.

MIXING ABILITIES

Anyone can play a song, but not anyone can blend them smoothly. During our previous events, **we have had clients amazed by our choice of music and blending capabilities**. We ensure you that we will have your **guests dancing**. During peak time, **we average about 30 songs per hour**. **We take requests** and we play those requests at an appropriate time to keep the **energy flowing**.
